Overview

The Silver Course provides participants with an in depth review of international tax principles, following on from the Blue Course. The Silver Course explains to participants the more advanced issues in tax treaty interpretation, and looks at more advanced structuring possibilities of hybrid securities and hybrid entities. The course covers tax treaties in depth, hybrid entities, hybrid financing, tax efficient financing and holding companies and includes substantial case study work.

The Silver Course is focused on tax planning opportunities, and explains the principles of tax efficient financing and international tax planning for holding companies. The case studies are focused on the best solutions for tax planning, and include funding strategies for multinational groups, and selection of international holding companies.

You can attend the course for the full week, you can enrol for one of two phases or attend for just one day:

Phase One – Advanced International Tax Treaties and Hybrid Entities (Days one and two). This includes international tax treaties interpretation (at a more in depth level than that covered in the Blue Course) as well as hybrid entities, hybrid instruments. This includes various case studies.

Phase Two – Tax Efficient Financing and International Holding Companies (Days three to five). This includes a full day of various case studies covering all Silver Course topics. This includes various case studies.

Attend for one day, one phase or the full week

Testimonials

"Very good, useful course, well delivered!!", Sander van der Fluit, Transfer Pricing Lead Upstream, Shell International Ltd, Netherlands

"Excellent presenter, kept us interested through out the whole week, knowledgeable helpful, kept a good pace, and kept us amused with cartoons and stories. As a beginner's course it starts with the basics, giving a good grounding in those, and also useful for day to day work problems", Lindsey Ritchie, Senior Tax Advisor, Shell UK Limited, United Kingdom

"Fantastic course and a great presenter", Peter Hyman, BHP Billiton, Australia

"Excellent presentation style. Explains some difficult topics in a clear way. Allowed internal discussion. The course covered a number of areas that are new to me", Herman Steyn, BHP Billiton, South Africa

"John made the content of the course interesting and kept me engaged throughout. Loved the cartoons!", Alesha Robinson, BHP Billiton, Australia

"An excellent presentation by a very knowledgeable presenter. An excellent course. I look forward to the next Shelton's course!", Peter Vukasovic, BHP Billiton, Australia

"I think Ned Shelton is one of the best lecturers I have heard; and the contents of the Blue & Silver Courses are indispensable for any tax attorney, so I highly recommend them to all tax specialists." Ana Bertha Thierry, Senior Attorney and former General Administrator of Large Tax Payers of the Tax Administration Service (SAT) in Mexico, Yanez Franco Et Al, Mexico

"I attended the Blue course in Cyprus. I learned how Double Tax Treaties are legally utilized by taxpayers. I used what I have learned to improve the content of a course on OECD Model that will be presented by Greek Government officials to tax assessors in Cyprus. I found the Blue Course to be well structured, very informative and very well delivered by Mr. Ned Shelton and look forward to

attending future Sheltons-SITTI courses in Cyprus." **Athina Stephanou , Senior Principle Assessor , Ministry of Finance - Inland Revenue Dept., Cyprus**

"For a tax specialist working in Brazil; Sheltons courses are a must! This statement is based on the fact that any international taxation course within the country is focused on the consequences of domestic tax legislation on international transactions, not on single concepts of international taxation. Moreover, it is also a great opportunity to be more familiar with OECD models and concepts, since Brazil is not an OECD member and, thus, we tend not to give the necessary attention to it's important and influential definitions on international taxation." **Felipe Gamboa Alves da Costa, Direct Taxes Consultant, Shell Brasil Ltda., Brazil**

"The entire course is of great value and absolutely recommendable. I really appreciate Mr. Shelton for lecturing the very "fundamentals" of international taxation at an understandable level and sharing his rich tax experiences. Moreover, as a translator myself, working with such a renowned tax expert was such a thrill." **Jeeyeon, Tax Dept, Translator, Government National Tax Service, Korea**

"An International tax course requires great knowledge and expertise. I'm glad that I have found it in this Sheltons-SITTI Blue Course, as well as Ned Shelton's great ability as a speaker and a teacher." **Marcelo Tertuliano, Tax Manager, Companhia Vale do Rio Doce, Brazil**

"I had the opportunity to attend the Blue and Silver courses, imparted last year in Mexico City by Sheltons-SITTI. Mr. Ned Shelton, is a highly regarded expert on international tax practice, driving us smoothly into theory and sharing real hands-on experience in principles & practices of international taxation and planning. Definitely these courses have contributed to improving my professional practice!" **Ricardo Quibrera Saldana, Tax Partner (Mexico), Quibrera Saldana Hermanos, S.C., Mexico**
